I am a frontend/backend & Graphic Designer. I work with these technologies: PHP (Laravel), CSS3, Bootstrap4, JavaScript, Html, etc. My passion is to build beautiful user experiences that delight my customers and keep them coming back for more. So you can be sure about the quality of work that I deliver.

EXPERIENCE

JUNE 2021 – CONTINUE

FULLSTACK DEVELOPER, EDEVLOP SERVICES PVT LTD, BHUBANESWAR

Built Kensoft Education's website (previously built using WordPress) using the latest web technologies including Bootstrap, and JQuery. That enhanced the look of the application, reduced loading time by 50%, and resulted in the growth of total users by 130%.
Wrote unit tests for Laravel project to increase the test coverage from 0% to 80% and reduced the average number of bugs by 50%.

And also, I have done e-commerce, CMS, news portals, etc. using core PHP and Laravel.
